A SMALL NOTE Hello Summer!

THE TEAM AND I ARE PROUD TO LAUNCH THE NEXT CHAPTER OF MUDGEES REGION MAGAZINE – NOW COMING TO YOU SEASONALLY.

This publication is more than a visitor guide – and more than a magazine. It's a tool that inspires and informs both locals and visitors to enjoy our beautiful region and the experiences we have on offer.

The Summer Edition, 2026 asks you to change your view of our region during the warmer months, encouraging you to forget the coast and embrace the bush.

From family getaways enjoying the great outdoors to couples wanting to attend internationally celebrated art exhibitions – our small region delivers big experience.

This is perfectly captured on our cover, celebrating Southern Cross Kayaking at Ganguddy on the Cudgegong River in Wollemi National Park outside Rylstone.

I'd also like to acknowledge the creative team behind this beautiful publication. It has been a real pleasure collaborating with you to produce something we all should be proud of.

Editorial: Hannah Stevenson, Rebecca Quilty, Emma Spillett, Sam Paine

Advertising: Leianne Murphy, Morgan Cauchi, Tayla Large

The team and I are already working on the Autumn Edition, 2026 and look forward to sharing it with you in March.

Enjoy,

But isn't the
Mudgee Region just
for wine drinkers?

Think again,
mum and
dad...

SURE, WE LOVE OUR WINE. A LOT. BUT WE'RE SO MUCH MORE THAN SAUVIGNON AND SHIRAZ.

Mudgee Region is just made for family-friendly holidays, where getting outdoors is firmly on the itinerary.

From adventure playgrounds, watering holes, farm animals and gold panning, Mudgee Region is the perfect place for the whole family this summer.

So, forget the beach these Christmas holidays — let's go bush...

What to do

CAMP UNDER THE (MUDGEE) STARS

Grab your tent and your mozzie coils and head to the Ganguddy-Dunns Swamp watering hole for camping, hiking and cultural tours through some of the nation's most important Aboriginal sites. Don't miss a chance to make a splash with John and Cindy from Southern Cross Kayaking — it's the most fun you can have above water!

STOCK UP ON FESTIVE FRUIT

Summer in Mudgee is cherry season, so slip, slop, slap and bucket (you'll need one for your haul!) and wander the cherry trees at 10's Estate and Roth Family Cherry Orchard to take home your share of the produce. We dare you not to sample straight from the trees!

TWO WHEELS ARE BETTER THAN FOUR

Cycle up a storm along Mudgee's popular Pump Track or go off-road to The Commons mountain bike trail — a locals' favourite that's a little off the beaten track...

GO ALL OUT WITH GOOREE PARK

Gooree Park blends kid-friendly farm activities with parent-friendly wine tastings. And those cheese platters are crowd-pleasers for every age! Book a farm tour and spend some time behind-the-scenes visiting Gooree Park's thoroughbreds and Waygu cattle, before heading inside for a private wine tasting in a very cool cellar door.

SOUP'S ON — AND IT'S ANYTHING BUT ORDINARY!

Cool off in style at the Icons of Pop Art: Warhol and Lichtenstein exhibition at Mudgee Arts Precinct. See Warhol's iconic Campbell's Soup II — Cheddar Cheese (1969),

sip something cold at the café and soak up world-class art in air-conditioned comfort. Big city culture, small region flavour — now that's pop perfection.

WORK HARD, PLAY HARD

Head to Gulgong and keep your (inner!) child busy on the flying fox, swings, slides, and sandpit at the Adventure Playground.

GOODBYE BIG SMOKE, HELLO BUSH

Lace up those walking shoes and soak up the great outdoors with a bushwalk at The Drip or Ferntree Gully rainforest. Check out Hands on Rock — a piece of the region's indigenous heritage - or cool down in the clear river water at The Drip.

TAKE HOME THE GOLD

Travel back in time via Gulgong to experience gold panning adventure and walk out a little richer (fingers crossed!).

SUMMER SPLASH

You'll be spoilt for choice when it's time to cool off, thanks to Gulgong, Kandos and Mudgee Pool. Play in the water park at Mudgee or tackle the water slide.

ALL ABOARD

The kids will be clambering to board the Mudgee Miniature Railway, offering rides behind steam, petrol and electric-powered miniature trains. And for just \$15 for unlimited train trips, it's an easy choo-choo choice.

LAKE IT EASY

If you're a fan of the water, both Burrendong Lake and Windamere Dam have all the hallmarks of a summer's day, featuring water sports, fishing, swimming, and wildlife spotting.

UP, UP AND AWAY

Beat the heat and get a jump on the day with a sunset hot air balloon tour with Balloon Aloft. Be sure to bring your camera, because the views — and the look on your kids' faces — will be priceless.

RIVERSIDE RENDEZVOUS

Grab your reel and cast out wide for carp in the Cudgegong River, or head to Putta Bucca Wetlands for a picnic and some twitching (aka bird watching!) action. Kids will love the playground and spotting the model animals along the way...

TREAT MUM TO SOME SELF-CARE

A little retail therapy is exactly what mum needs, so dads — take note — and take the kids off your lady's hands, while mum strolls the main streets to visit Whatever Mudgee, Willow Collective, Byrnes Jewellers, Cloth & Feather, Blowers Clothing and Mainly Mudgee Gifts. Whether it's a new outfit to make your city friends jealous or some homewares to spruce up your loungeroom, they're all waiting for you in the region's great range of stores.

Where to Stay

THE CLAIRFIELD HOTEL

Palm Springs-meets-Mudgee with this poolside stay, complete with spa and on-site dining. Kids will love splashing in the pool; parents will love the cocktails, float tank and mega-lush interiors.

MCKENNA TERRACES

Take your pick from five bespoke terraces just off Mudgee's main streets, with modern conveniences, interiors the adults will appreciate, and a family-friendly pub right next door.

PERRY STREET HOTEL

Not just a stunning, luxury hotel, this historic venue will capture the kids' imaginations when they hear it's housed band performances, lectures, Mudgee's first library and more.

THE WINNING POST MOTOR INN

A stone's throw from Mudgee CBD, this classic bolthole comes equipped with an outdoor swimming pool, restaurant and bar. A true all-ages favourite!

Where to Wine & Dine

COUNTRY PUBS TO WRITE HOME ABOUT

Remember that shopping break you're giving mum? A pub lunch is just the thing to entertain the kids, while mum browses the stores in peace (ahhh bliss!) With the classic pub trifecta of tasty food, local drinks, and family-friendly vibes, you can't go wrong with Club Mudgee, the Oriental Hotel (or the Ori to the locals!), the Paragon Hotel, the Prince of Wales Hotel, the Woolpack Hotel or Mudgee Brewing Co.

THE LUCK OF THE IRISH

Clover Cellars is your taste of Ireland — without leaving the country. Enjoy craft beers for the adults, housemade cordials for the kids, outdoor games, and fun activities for the whole family.

OUI OUI FOR FRESH PASTRIES

Althea by Zin is the region's take on a French patisserie, with croissants, mille-feuille, tarts and sausage rolls, plus a cute courtyard to feast on your flaky faves.

DINE UNDER THE VINES

Fuel up for the day in the vine-covered courtyard at Alby + Esthers. Snag a coveted seat in the cobblestone courtyard and treat yourself to a local cordial and their famous Esthers' jaffle.

PICNICS AND PINOT NOIR

Fun for parents and kids, 791 Estate has it all — small-batch wines, picnic-perfect lawns, cellar door snacks, and the ever-so-charming 'Fiona the Owner'.

SAY YUM TO YUM CHA

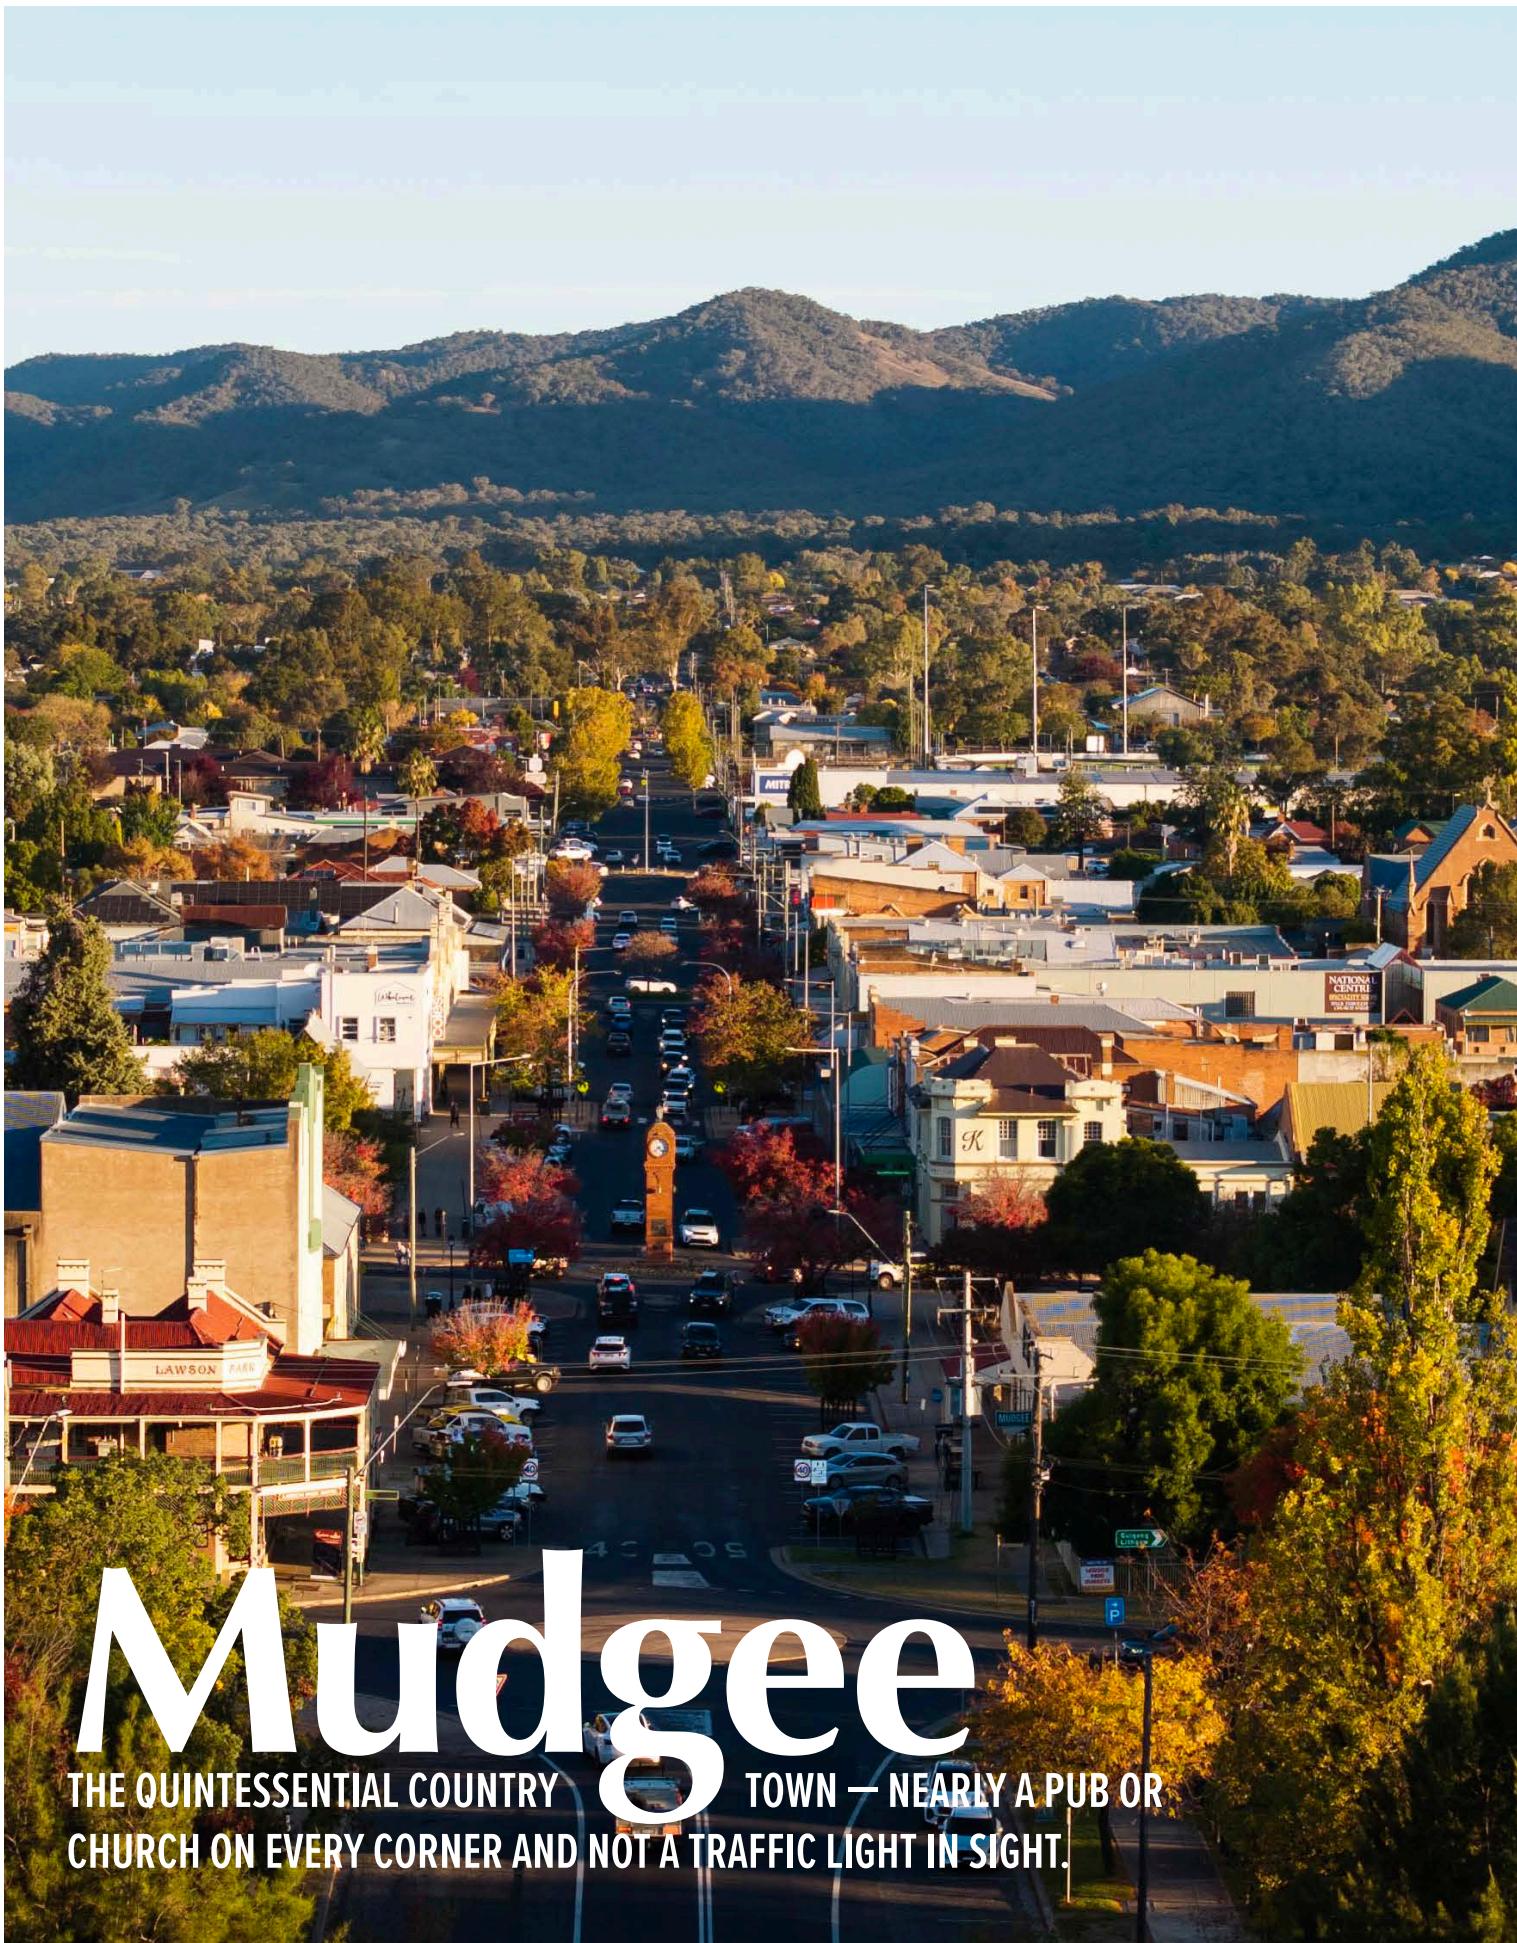

Visit the raved-about Rylstone dumpling house, 29 Nine 99, for a delicious day out.

GET THE FAMILY FARM EXPERIENCE

If you're looking for wine and food with a side of chooks, emus, sheep, horses and donkeys, then a stop at Lowe Family Wine Co is a must. Grab their Tinja Farm Map and take a self-guided tour around the winery. P.S. every tour should start with a visit to the cellar door for a bottle of Jodie...

KIDS INCLUDED

Not just for the adults, Skimstone Wines gives little ones their own cellar door experience, including local cordial, chippies, and a play area with puzzles, colouring-in, plus a playground and giant chess set.

Mudgee

THE QUINTESSENTIAL COUNTRY TOWN — NEARLY A PUB OR CHURCH ON EVERY CORNER AND NOT A TRAFFIC LIGHT IN SIGHT.

BIG SKIES, ROLLING HILLS AND A CROP-LOAD OF VINEYARDS MAKE THE PERFECT BACKDROP FOR THE ULTIMATE COUNTRY GETAWAY.

A hub for art, culture and local experiences, Mudgee serves indulgence and atmosphere wherever you turn. Because here, the good life isn't a luxury — it's just how things are done.

Sure, wine might steal the spotlight — with most cellar doors just a swirl away from town — but the real adventure is in the variety. A boutique industry fuelled by big passion, our local winemakers and producers love sharing a glass inspired by flavours from across the globe. And just when you think you've seen it all, the breweries and distilleries tempt you to explore a whole different side of the region.

And foodies, consider yourselves spoilt for choice. Wake up to our bustling café culture, graze your way through local produce or go all in on a feast that will have you happily rolling home. Vineyards, pubs and dining options set the mood for any occasion.

When it's time to wander, start at the clock tower. Snap your obligatory selfie and then meander the streets through boutique shops and weekend markets. Take in the town's history and give a nod to Louisa Lawson — not just a mother but a women's rights icon.

Don't miss the sculpture walk and art galleries with works from near and far — we're home to a world of creativity in plain sight.

Locals Guide

PACK YOUR BLUNDSTONES OR RM'S

From farm tours to orchard picking, summer is made for getting your hands dirty.

LOOK UP

Think golden sunsets, warm starlit nights and the odd rainbow stretching from hill to hill.

SUMMER SESSIONS

Let the locals entertain you with live music, bingo, trivia and a number of local raffles.

Gulgong

THE TEN DOLLAR TOWN
WITH A MILLION STORIES.

GULGONG — A SLICE OF HISTORY WITH A BIG DOSE OF PERSONALITY.

Step into a town where history isn't hidden in museums but written into every crooked street and character-filled building. Born in the Gold Rush, Gulgong's narrow laneways set it apart from the wide streets of other country towns — making wandering here feel like stepping onto the set of a period film (which, fun fact, has actually happened).

Gulgong wears its past with pride. Many still remember it as the 'Ten Dollar Town,' made famous on Australia's old \$10 note, and the stories continue to come to life as you stroll the streets and museums. Step into the UNESCO-listed Holtermann Collection of photographs and see pioneering Australia captured through a lens. Feel the poetry of Henry Lawson woven into the landscape around you, and if you listen closely, you might just hear the lingering echoes of Dame Nellie Melba's encore in the oldest operating opera house in the Southern Hemisphere, right in the heart of Mayne Street.

Symbols carved into the streets hint at a secret travellers' language from another era, waiting for modern-day visitors to decode. And the town's boutiques, eclectic stores and rustic pubs turn shopping (and pub-hopping) into a treasure hunt all on its own.

But what really sets Gulgong apart is its community. Locals chat on the street, waves and smiles are exchanged freely, and the town's big heart is always on display. Jump in, have a chat, and soak up the warm welcome.

Locals Guide

SCHOONER AND TALES

Cool off at a local pub — maybe with a side of local stories.

TREASURE HUNT

Wander the crooked streets like you're on a treasure hunt — unexpected gems make for the best finds.

TIME TRAVEL

Step back in to Gulgong's history. Visit local museums to uncover its gold and pioneer past.

DECODE A SECRET LANGUAGE

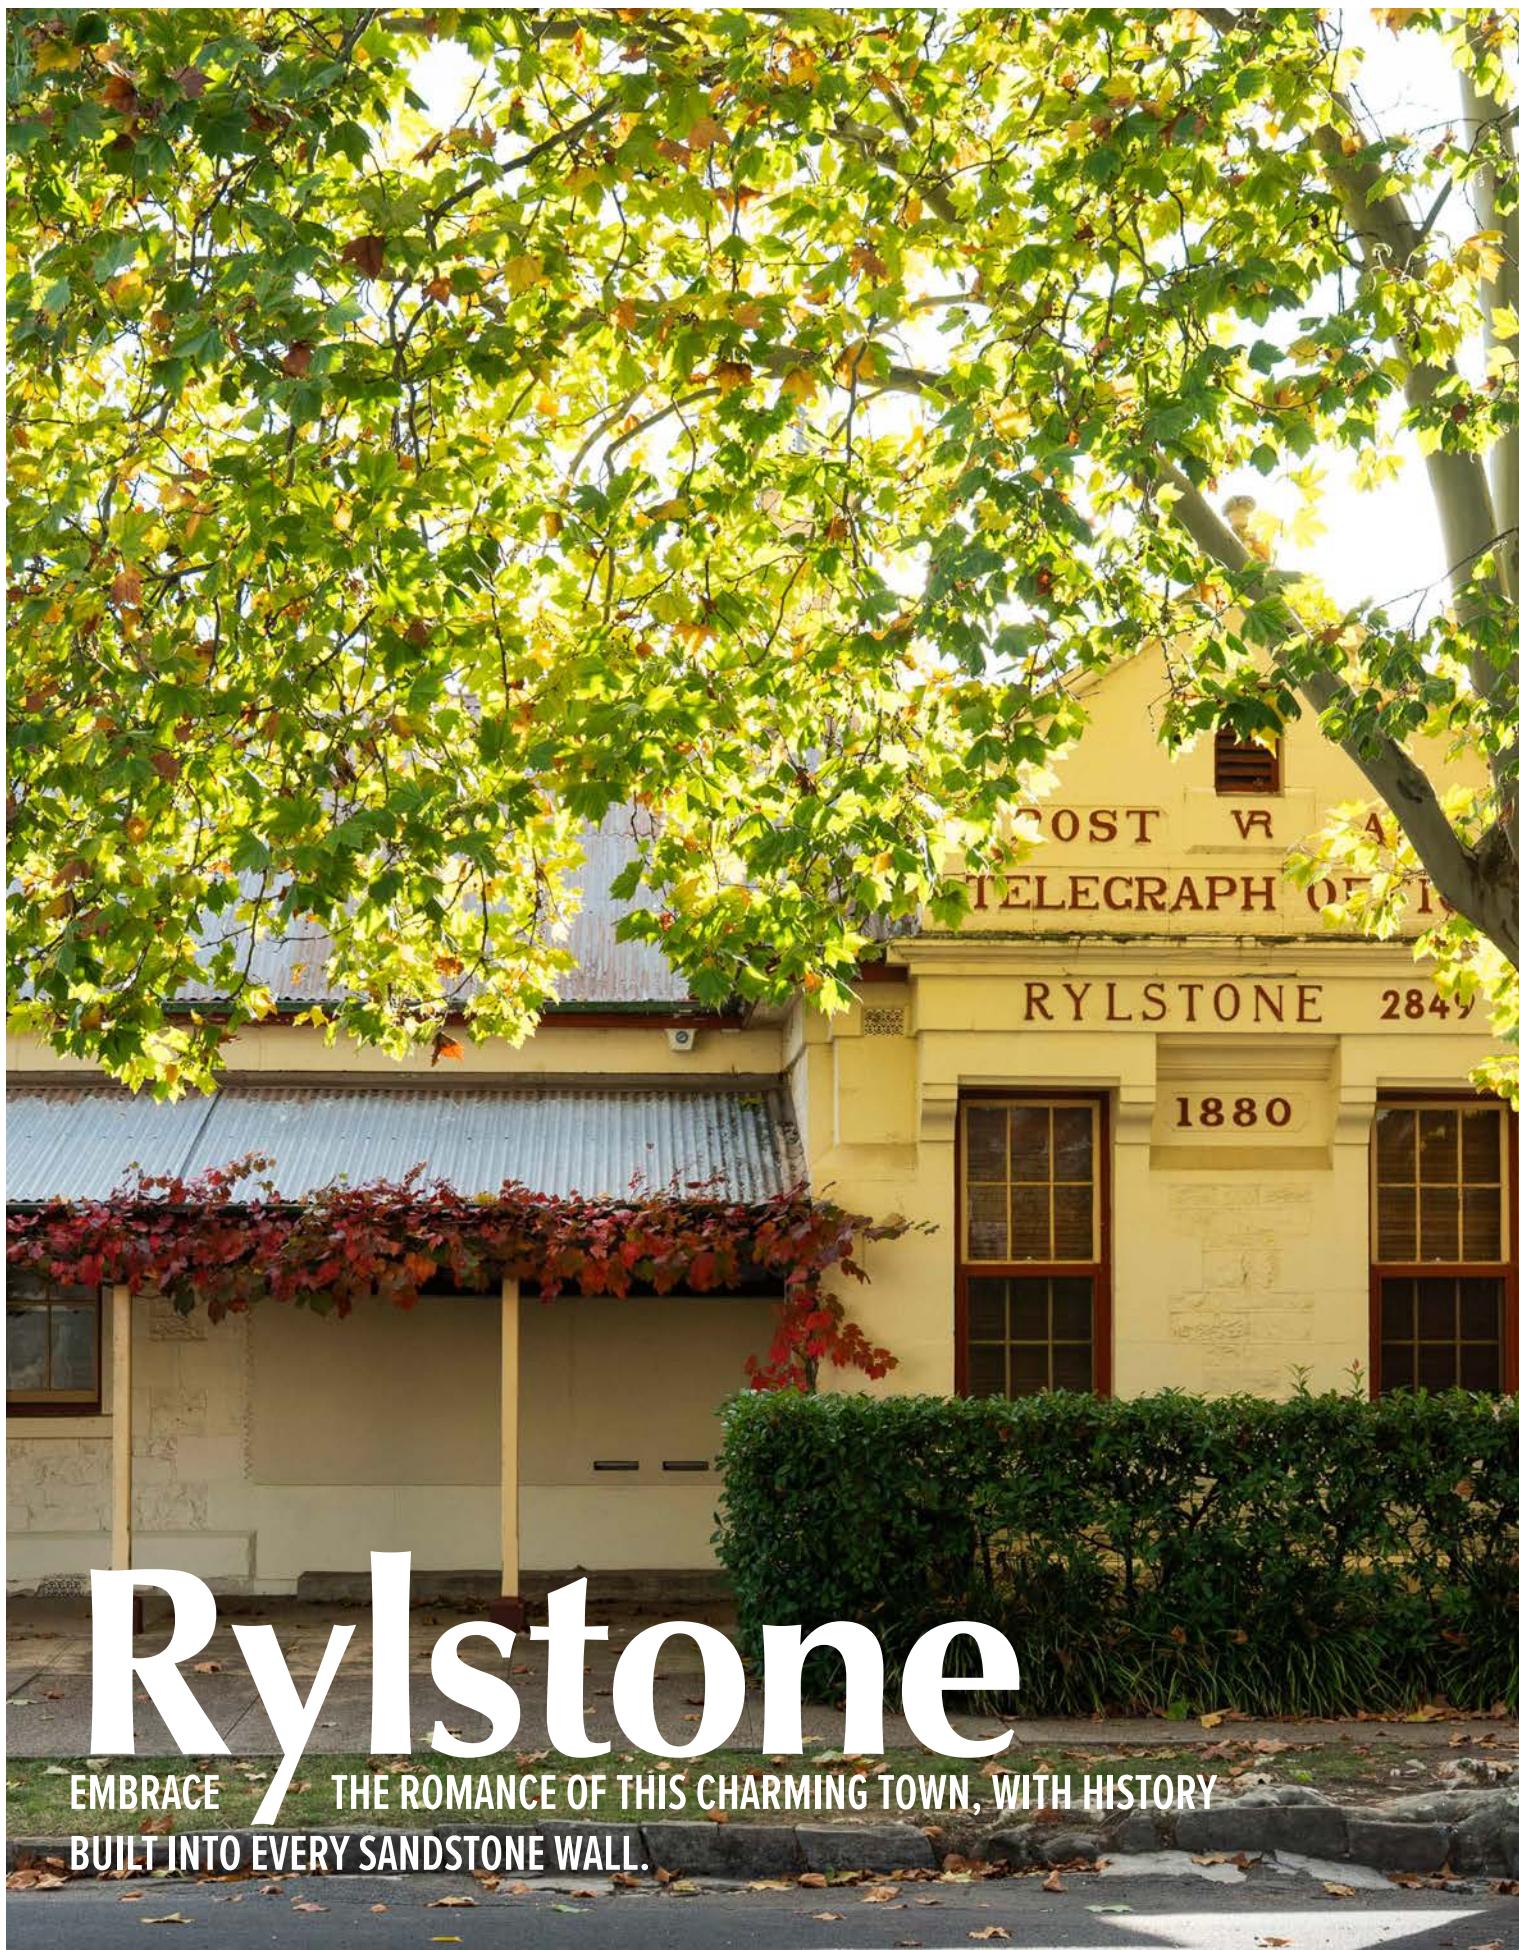

Trace the mysterious Symbol Trail, a hidden travellers' language, scattered through the streets.

SUNSETS AND FLIRTATION

Rylstone

EMBRACE THE ROMANCE OF THIS CHARMING TOWN, WITH HISTORY
BUILT INTO EVERY SANDSTONE WALL.

SLOW DOWN AND SOAK IN THE CHARM AND NATURE ALL AROUND YOU.

Rylstone slows you down in the best way — tree-lined streets, heritage cottages and a laid-back pace that feels instantly restorative. Here, the slow life is celebrated in cuisine, artistry and locally made treasures.

Meandering from one end of town to the other is almost meditative. The town's picturesque charm is a haven for the many artists and creatives who call Rylstone home. There is plenty to uncover within the town's cottage shops, galleries and cafes — from stylish decor and handcrafted wares, to treats for knitters and vintage music lovers.

Foodies will feel right at home here. From soulful cafés and friendly pubs, to some of the region's finest wines and produce, Rylstone is all about savouring the moment. Each November, the Rylstone Street Feast takes over the main street with long tables, gourmet flavours, live music and bustling stalls. It's a feast worth marking in your calendar.

For those drawn to nature, Rylstone is a gateway to enchanting trails and waterways. Ferntree Gully, Gangduddy-Dunns Swamp and Wollemi National Park all take centre stage here. Rare and endangered plants and wildlife abound, including the prehistoric Wollemi Pine — but its exact location is a closely guarded secret.

Rylstone's real charm is its people. Locals are friendly and there's always something happening. Browse the weekend market or enjoy a slow chat over coffee in the sun. Rylstone makes it easy to kick back, explore and feel right at home.

Kandos

AN URBAN LANDSCAPE ALIVE WITH ARTS, CULTURE AND A
RICH INDUSTRIAL PAST.

ART, HISTORY, CULTURE OR SMALL-TOWN QUIRK — KANDOS HAS IT ALL.

Set against the bold backdrop of the aptly-named ‘Rocky’ and ‘Baldy’ in the Coomber Melon mountain range, Kandos is a small town with a big story. A community cemented (literally) in industrial history, now reinventing itself through creativity and culture.

Once proudly ‘the town that built Sydney,’ Kandos rolled with the changes when the cement works closed in 2011. Today, the biennial Cementa festival anchors Kandos’ transformation — a celebration of contemporary art that fills the town with curiosity, conversation and just the right dose of creative mischief. From almost anywhere in town, you can still glimpse the abandoned cement works, standing as a reminder that big stories sometimes come in concrete form.

Step back in time at the Kandos Museum, where industrial machinery, memorabilia and tales of hard yakka tell the story of a town shaped by the 20th century. Then stroll down Kandos’ main street, Angus Avenue, where you’ll find quirky cafés, galleries and crafts (almost certainly stitched, painted or knitted with love by local nans). Thrill-seekers in thrift will be in heaven, with multiple op shops hiding unexpected treasures.

But there’s more than just the main ‘drag’ to uncover. On Australia Day weekend, Kandos bursts life with mullets, stubbies and thongs as the town revs up for the annual Kandos Street Machine — think muscle V8s, burnt rubber and a family-friendly spectacle that’s all about noise, fun and good vibes.

Kandos is a place of deep cultural connection on Wiradjuri country. Explore spaces for learning and healing through indigenous art, storytelling, workshops and guided experiences. Visit Ganguddy, the traditional land of the Dabee people, to share an experience of connection to country that will stay with you long after you leave.

Locals Guide

GET ARTY

Join in the creative fun of Kandos’ contemporary art scene.

A SUMMER THRIFT

Bag up plenty of gems and knick-knacks with Kandos’ boutiques and op-shops.

AUSTRALIA DAY WEEKEND

Mullet up and feel the heat at the Kandos Street Machine Festival — V8 engines, burnouts, and big summer energy.

CONNECT TO COUNTRY

Join a cultural experience with Dabee descendants. Exploring the traditional lands and waters of Ganguddy.

LOCAL PLAY

Grab your sunnies and join the locals for a round of golf, bowls or a cool off at the town pool.

SCAN FOR MAPS, GUIDES &
MORE OF KANDOS

Hit the open road, take the scenic route and give yourself time to explore. The Mudgee Region isn't just one place — it's a collection of small towns and villages, each with their own character and charm. Step beyond the featured towns and you'll find quiet corners, perfect for a breather. Spots full of local colour and places where the welcome is as warm as the weather. Whether it's fresh air and solitude, or good times with the locals, every stop has something worth discovering.

CAPERTEE VALLEY

Australia's own "Grand Canyon". Second only in size to the world's grandest, but actually wider, this World Heritage-listed valley is all towering escarpments and wide-open skies. Stop at Pearson's Lookout for that hit of awe. Adventurers can hike, ride, birdwatch or even take to the skies by helicopter. Slow it down with camping under a blanket of stars, or retreat to one of the valley's stays surrounded by nature. The town of Capertee makes a handy pit stop — top up on food and fuel and keep an ear out for the call of the endangered Regent Honeyeater.

LUE

A village full of surprises: a pub, a historic train track, pottery, farm stays, olive oils and motocross tracks. Keep your eyes peeled — koalas have been known to sleep in the local treetops.

HARGRAVES

Hargraves is often referred to as the 'veteran' of the region's gold towns. Pop into the old general store to stock up on supplies and soak in a slice of village life. The surrounding countryside is dotted with fossicking hot spots, so grab some gear and try your luck in the creeks and gullies.

WINDEYER

This village wears its gold rush history proudly, with reminders scattered through the landscape. The iconic local pub is the heart of the community — swing by for a hearty feed, a cold beer and a yarn with a local. Camping grounds and farm stays make it easy to linger longer, while fossicking opportunities abound for those who want to strike it rich.

Towns & Villages

ULAN

A good chance for coal truck and train spotting. Though, local knowledge says that if you slip some cash over the bar at the Ulan Pub, the beef jerky handed back is well worth the stop. Beyond town, stretch your legs along The Drip walking track — its shaded gorge is the ultimate summer cool-off — and don't miss Hands on Rock, where ancient Aboriginal art tells stories older than time.

SOFALA

A historic gold town, tucked alongside the Turon River, Sofala's hills were once dotted with countless gold rush camps. It's heritage main street still stands like a snapshot from the past — the historic town has actually transformed into an authentic set for several Australian films! A few free camping spots along the river make it ideal to linger a little longer.

BYLONG VALLEY

A pastoral valley of rolling hills and river bends — perfect for a scenic summer drive with the windows down. This sleepy valley rewards you with some of the region's most beautiful scenery. Once famous (or infamous!) in the region for its mouse races — ask a local if you're curious!

COOYAL

Cooyal's lively pub is a classic summer pit stop for a cold one and a great meal.

WOLLAR

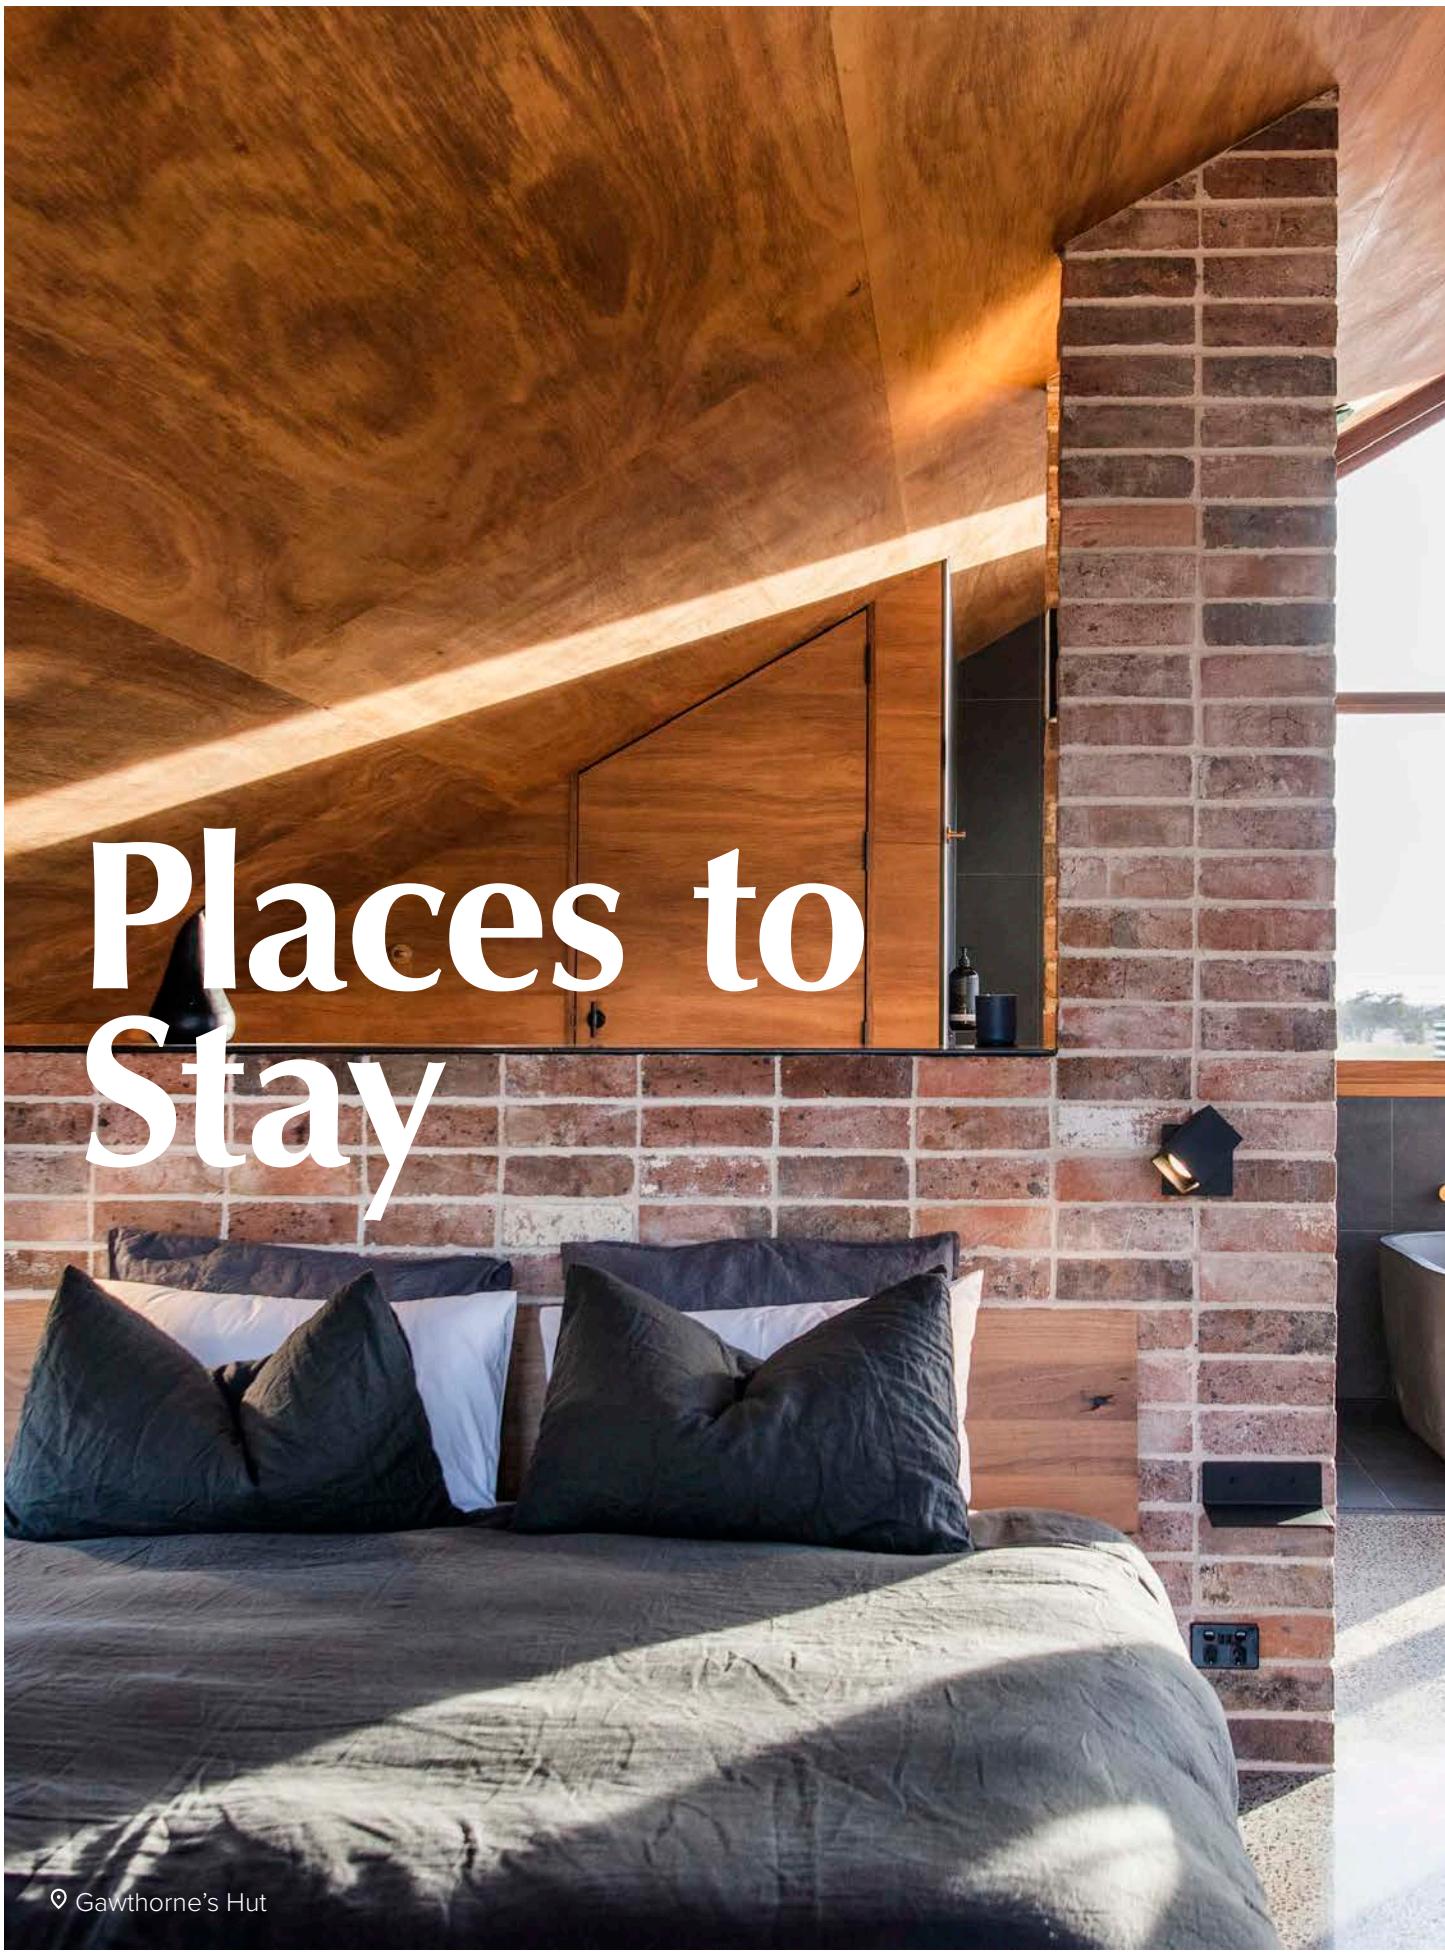

Just down the road, Wollar marks the gateway to Goulburn River National Park. Pitch a tent at Big River or Spring Gully campgrounds or chase the breeze to the top of Castle Rock in Munghorn Gap Nature Reserve for views that make you feel on top of the world.

HILL END

Step back in time and wander through a town that once pulsed with gold rush fever. In the late 1800s, Hill End boasted twenty-eight pubs and more than 8,000 people. Today, heritage buildings highlight its rich history. Explore an old mining tunnel, or try your own luck fossicking with locals. In the 1940's, Hill End was rediscovered by artists and quickly became a thriving artists' colony. It is still a beloved destination of artists today. Arrive via the scenic loop through Mudgee and Sofala, or for off-road adventure, tackle The Bridle Track from Bathurst.

Summer is Here!

You've been scrolling Instagram, living through influencers, thinking: 'when is it my turn to stroll through a local market, with a baguette poking out of my bag? explore the region's incredible local food and wine offering – it's a god-damn win-win.

But first, you need to find your home-away-from home for your Mudgee visit - and you'll find everything you need for a luxe stay at **The Clairfield**.

This former motel has undergone a serious make-over to become an Instagrammable accommodation moment, where relaxation meets absolute luxury. This boutique hotel is heavy on modern, yet warm,

📍 The Clairfield Hotel

style – and with the colour palette drawing inspiration from the natural surroundings, you'll need time to bask in the spotted gum joinery, sandstone paving, brass details, pink marble bar (hold me please) and olive trees.

When you're not photographing every corner of the place, take a dip in the Palm Springs-inspired pool, enjoy a delicious meal at the onsite restaurant, **Gigi's**, or soak weightlessly in the float tank in the **Jila Wellness** studio. Reset yourself, let the pre-holiday pressures wash

📍 Gooree Park

off you, and start your getaway off right - ahh, we can smell the relaxation from here...

From the Clairfield, you can stroll a few streets to **Althea by Zin** for a fresh pastry, paired with a perfect coffee. It's the French patisserie experience you've been looking for – without the plane trip. At Althea by Zin, you can play Amelie right in the heart of country Australia. There's no rushing here – sun yourself in the courtyard and plan your day, croissant in hand.

Don't miss the local markets – and Mudgee's clever community of crafters, creators and collectors come together at the monthly **Farmers' Markets and Makers' Markets** in Robertson Park. Offering the best the region can grow, bake, or brew on the third Saturday and first Sunday of each month, you'll pick up everything from fresh flowers, to local honey, wine, sourdough, cheese and jams at this produce hub. Don't forget your basket for proper #marketvibes

Your next stop has to be a local winery or two - or three. The locals' tip? **Gooree Park Wines**. It's the only Mudgee Region winery located in the middle of a thoroughbred stud, and their stunning new cellar door has just opened in the former racehorse stables. Break up your day with a lunch of delicious dumplings or Wagyu burgers, made from cattle raised right on the property. Save a seat for us please...

Indulge in a long lunch or wrap up your day with the perfect combination of simple comfort and complex flavours at **Pipeclay Pumphouse**. Graze on seasonal produce, fresh from the farm, served with a Mediterranean flair and get yourself a colourful cocktail while the sun sets over the grapevines.

Bring on the summer days and nights!

10

ways to live like a local

IN THE MUDGEES REGION

LIVING IN A SMALL COUNTRY
TOWN JUST HITS DIFFERENT.

1 NAIL THE REVERSE ANGLE PARK

Most of Mudgee's parking is reverse angle only, so if you haven't swung your car in backwards since your driving test, now's the time to brush up on your skills.

2 FALL IN LOVE WITH ROUNDABOUTS

Fun fact: there's no traffic lights in Mudgee. But what we lack in lights, we make up for in roundabouts, so practice your roundabout driving, toot sweet.

3 KNOW YOUR WINE

Locals know a thing or two about wine. Don't know your pinot noir from your pinot grigio? Do your homework before you visit, or better yet, pop to a Mudgee Region cellar door or two and take notes.

4 SHOP SMALL, SHOP LOCAL

Every time you shop in a local store, a small business owner does a happy dance. Mudgee is a region of small businesses and the locals love to support their entrepreneurial mates. You should do the same...

5 STOP RUSHING!

Country living is all about slowing down, chilling out and embracing a less frantic pace of life. Locals love a leisurely coffee date at Alby + Esthers, a long lunch at The Cellar by Gilbert or an amble amongst Mudgee Fine Foods' monthly market stalls - no deadlines in sight...

6 COUNTRY PUBS ARE HIDDEN GEMS

Country pubs have come a long way from sticky beer mats, dated carpet and over-cooked schnitzel. Mudgee Region's pubs, like the Paragon Hotel, the Oriental Hotel (the Ori to the locals!), the Woolpack Hotel and the Prince Of Wales in Gulgong, are what country pubs should be – warm and inviting with delicious food, local wine and beer on-tap and some seriously good cocktails.

7 CELLAR DOORS ARE NOT JUST FOR ADULTS

Forget the parks, a weekend play date is all about wine. Oh, and space for the kids to play. Many of the cellar doors are family-friendly, with playgrounds, kid-friendly

menus and more. Try Lowe Family Wine Co for farm animals & garden grazing or Clover Cellars for cordial & outdoor games.

8 THE CLOCK TOWER IS YOUR TRUE NORTH

Locals orientate everything in the CBD from the clock tower. Trying to find a cafe or shop on Market or Church Street? Give directions in relation to proximity from the clock tower. And if you get lost? Stand at the clock tower and shout for help.

9 ACT SURPRISED WHEN YOU SEE FARM ANIMALS IN TOWN

Yes, seriously. From a rabbit that roams the streets with its owner, to a local who travels via horse and buggy, you never know just where a farm animal will pop up.

10 WE'RE NOT JUST ABOUT WINE

Yes, we love wine. But the region is SO much more than its cellar doors. From stunning natural attractions, to arts and culture, wellness and more, the locals recommend you come for the wine, but stay for everything else the region has to offer.

A Taste of the Good Life

SMALL REGION.
BIG FLAVOUR.

© Pipeclay Pumphouse

Life here is lived close to the land. Every glass poured and every plate served comes with a whole lot of heart — and a dash of creativity and local flavour.

Old-school farming traditions still run deep, but they've had a cheeky fling with modern ideas. Think organic vineyards, biodynamic growers and menus that cater to all kinds of tastes — from wholesome comfort to fresh seasonal twists.

As the seasons shift, so do the flavours. Summer brings long lunches under the vines, chilled whites in hand and produce straight from the farmgate. Whether you're dining at a local restaurant or pub, or tasting regional goodness like

olive oil, pomegranates, honey, cheese or summer cherries and figs — we've got foodies covered.

Every bite proves this small region serves up big passion — and even bigger flavour.

And because this is country living where everyone knows everyone, collaboration is second nature. Makers team up, flavours fuse and the results are deliciously unexpected — think beer-wine mashups and native spice treats.

Go on — treat yourself. Savour exceptional flavours and indulge in a little of the good life.

Cellar Doors, Breweries & Distilleries

CELLAR DOORS

With more than 35 cellar doors, the region's wine scene is anything but small. These are family-run spots, where passion is poured into every bottle. Most are just a swirl away from town — wander at your own pace, hop between towns or let someone else do the driving (you've got tasting to do).

This isn't mass production — it's wine made with heart, often poured by the same hands that made it.

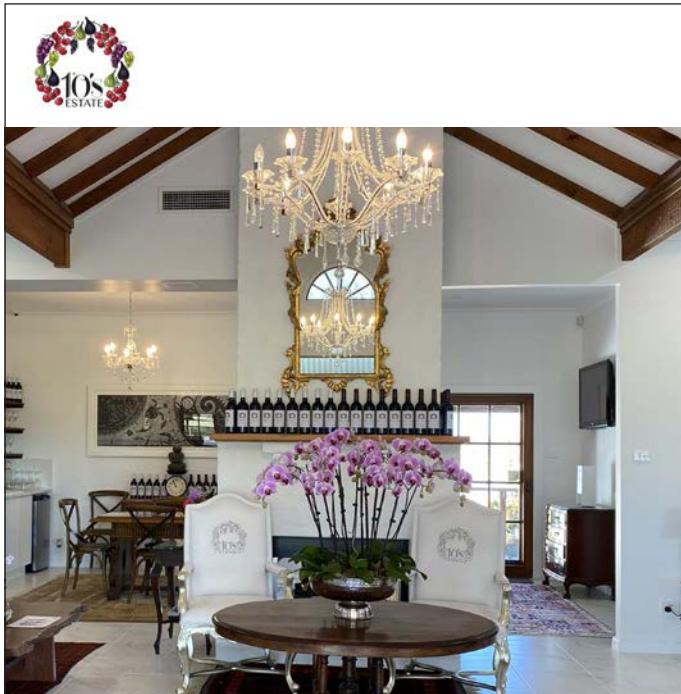

Rich soils, varied elevations and four distinct seasons are the secret behind Mudgee Region's wide range of wine varietals and flavours.

BREWERIES & DISTILLERIES

The region is home to a crew of craft breweries and small-batch distillers — and they're doing things their own way. These makers aren't chasing large-scale production — they're all about flavour, creativity and keeping it local. Enjoy beers brewed with local ingredients and spirits infused with fruit from just down the road.

Small-batch means more care, more character and more room to experiment — so you'll often find something surprising on the menu.

Each spot has its own vibe and the kind of experience you won't find in the big city. Pull up a chair, have a drink and swap stories with the maker — it's all part of this small region with big charm.

It's About Time!

📍 Roth's Wine Bar + Cellar

**OMG. IT'S FINALLY
HAPPENING. THE GIRLS'
WEEKEND MADE IT OUT OF
THE GROUP CHAT.**

Four women. One weekend away. A year of negotiations and calendar scheduling. Three failed attempts, thanks to a pregnancy, a child's broken leg, a chicken pox outbreak and an immoveable work deadline.

But IT IS FINALLY HERE. And Mudgee is not going to know what hit it.

We've missed a lot of goss over the last year — Bee is considering an open relationship, Josie got a promotion and Lulu is back on the apps.

Ooft.

But while we catch up, let's start the long weekend right, with some boutique shopping — Rylstone-style.

Before we hit Mudgee proper, we're heading down Louee Street, trading sob stories while flicking through boxes of records at **Rylstone Retro Records**, tasting local date and almond chutney and to-die-for rocky road at **The Country Plate** and buying wool at **Convent and Chapel Wool Shop**.

We've already covered Lulu's latest failed Tinder date (ouch!) by the time we arrive in Mudgee, where fashion, food, and furnishings are the theme of the main streets.

We start with a visit to **Willow Collective** — and bye bye money.

Someone please hold us; we cannot get enough of the relaxed, stylish options, the seasonal colours, the natural fibres and the on-trend accessories. Because you're living the country life now, so you've got to dress the part. And with the store owner, Katy, recommending looks for everyone, we're leaving with full shopping bags — and even fuller suitcases.

We'll be drinking a lot of wine this weekend, so to keep things balanced, we're kicking off the festivities with a gin. **Baker Williams Distillery** is a cosy little family operation — the person who serves you at the counter has just been out the back peeling oranges for the Orancello, or crushing grapes for a deep red Shiraz gin. They know exactly how the liqueurs are made, what they should be paired with for #drinkgoals and cocktail recipes you'll make forever. We take home Butterscotch Schnapps for Bee's sweet tooth, a Coffee Liqueur for Emmy's serious caffeine addiction and a couple of classic gins because we're going to want

📍 McKenna Terraces

martinis tomorrow afternoon. Before we head out for the evening, we stop into **McKenna Terraces** — our home for the long weekend. A row of recently renovated heritage townhouses, these terraces are close enough to wander home, but just off the main drag for a good night's sleep. A gift hamper of Mudgee goodies awaits (YES PLEASE!) and with private parking in the back and a friendly country pub on the corner, you almost want to just settle in here for the weekend and not go out again. Almost.

The best spot to watch the sun set over the Mudgee valley is **First Ridge Wines**. Their cellar door is perched on a hill, with 360-degree rolling vineyard views. Now they're just showing off! Grab a table for the whole gang and prepare for a range of Italian wine varieties grown on-site. These are rich, full-bodied wines made for sumptuous meals and lively conversation. Drop everything the moment golden hour hits, and fly out to the verandah for a group selfie. Get the vines in the background. Get the sunset on the hills. It's bliss — one big table, Sangiovese flowing, the

women who know you best and make you laugh the most, finally all in one place.

Back to town, and we're pulling into **Roth's Wine Bar**, the longest-running wine bar in NSW. Rumour has it that the art work on the front windows was painted by the local nuns, so the children from the nearby Catholic School couldn't see into this den of sin. Oh, we're clutching our pearls just thinking about it! Dinner is wood-fired pizza served in the courtyard, and the tastiest sides in town — the duck spring rolls are *chef's kiss*. There's a local muso playing covers in the shed and he somehow knows everyone's favourite songs. We're up on the dance floor, the shoes are off and you know sh*t is about to get real. Arms in the air, singing along — you can see how Roth's has stayed open for a hundred years, no matter what the nuns say.

As promised, it's an easy walk back to McKenna Terraces, even with shoes in-hand! The good news? There's still two days left across the long weekend. Why did we leave it so long between catch-ups?

Produce, Dining & Pubs

A GOOD GLASS DESERVES GREAT FOOD — AND THE MUDGEES REGION DELIVERS.

Farm-fresh produce, paddock-to-plate dining and platters stacked with cheese, olives, fruit and honey. Wander the weekend markets to taste, stock up and chat with the makers behind it all.

Local kitchens bring the flavour. Think tender cuts of local meat, garden-picked veggies and dishes that remind you what real food should taste like. From indulgent feasts to wholesome comfort, every plate is served with generous hospitality.

♀ Pipeclay Pumphouse

Start your day with a buttery pastry and coffee, or a lazy brunch in the sunshine. Stretch it out with long lunches overlooking the vines, then wind down with pub classics or intimate dinners made for special moments.

There's not quite a pub on every corner, but there's more than enough to keep you entertained.

Expect hearty feeds, sport on the big screen and live local music that celebrates the weekend. Bring the family — there's something for everyone.

You've got full permission to indulge here — and if the waistband feels a little snug, that's the sign of a trip well-enjoyed.

HISTORY & HERITAGE

Step into a region rich with stories. These are the traditional lands of the **Wiradjuri people**, whose connection to Country runs deep in the surrounding landscape.

Explore **Mudgee**, once the bustling hub for surrounding villages, where wild tales hide around every corner. **Kandos** tells of industry and reinvention; its cement works legacy now mingling with a thriving arts scene. **Rylstone** hums with the rhythms of country life and farming traditions, while **Gulgong** whisks you back to the gold rush with heritage streets, four fascinating museums, and the UNESCO-listed Holtermann Collection of pioneering photography.

Visit museums, stroll historic streets, and let the past surprise you. Here, history isn't behind glass — it's something you can walk through, touch, and feel.

The Art Trail

FOLLOW THE MUDGEES REGION ART TRAIL TO UNCOVER SOME HIDDEN ARTISTIC GEMS

They say art is in the eye of the beholder — and there's plenty of works to capture your attention throughout the Mudgee Region.

No need to know your Picassos from your Monets here — the Mudgee Region's art trail is designed to be appreciated and enjoyed by everyone.

Wander along the art trail to uncover some of the region's most beloved works and sculptures — feel free to pose for a snap with your favourite pieces!

JACK THOMPSON — a kangaroo statue that's not what it seems! Based on the famous Cleo centrefold of Aussie actor Jack Thompson, this kangaroo takes relaxation, flex and bravado to a whole new level.

LOUISA LAWSON STATUE — the town's first female statue #girlpower. Created by Mudgee sculptor Margot Stephens, the statue pays homage to Louisa Lawson — mother of poet Henry Lawson and renowned advocate for women's rights. Have a look under Louisa's skirt (we're blushing already!) for a little Easter egg left by the sculptor...

CUBE STACK — a stack of blocks poised dangerously. No need to panic — this work isn't going anywhere.

HANDS ON ROCK — Indigenous art with serious history. These stencils of hands were made by the Wiradjuri people — the traditional owners of the land where the Mudgee Region is located. Drive just past the entrance to the Drip Walk to get up close to some of Australia's rich Aboriginal history.

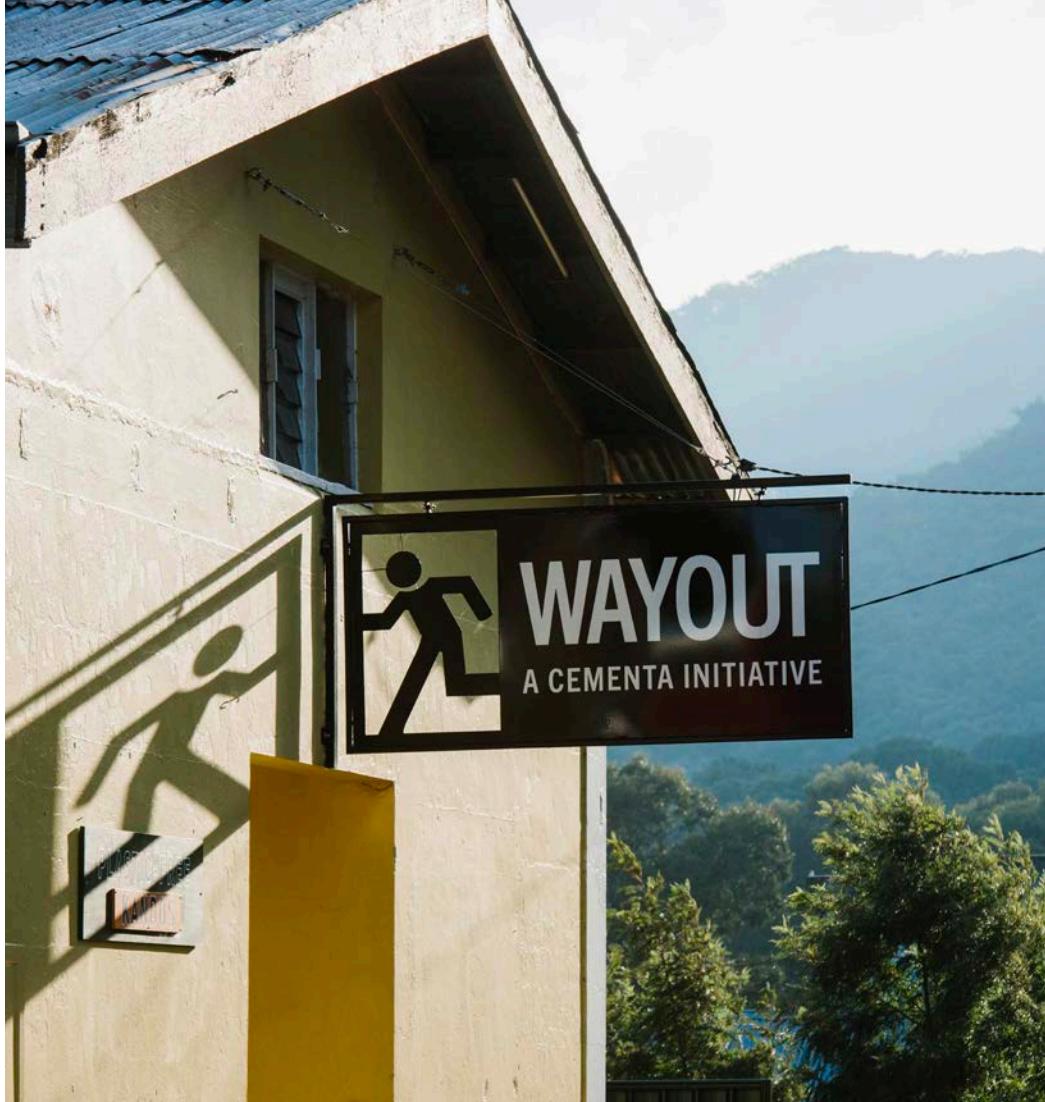

MURAL OF HENRY LAWSON'S THE LOADED DOG — created by local artist Sam Paine, this mural captures all the chaos, charm and character of one of Australia's most iconic tales — dare you not to take a selfie?

WAYOUT ART SPACE — a Kandos must-do. Home to a range of diverse and experimental collections that celebrate urban, regional, interstate and First Nations' artists.

MUDGEES ARTS PRECINCT — Mudgee's artistic home. Grab a coffee from the on-site cafe, wander through the latest exhibitions and keep an eye out for major international works set to grace the walls over the coming years. There's always something for the kids to enjoy too!

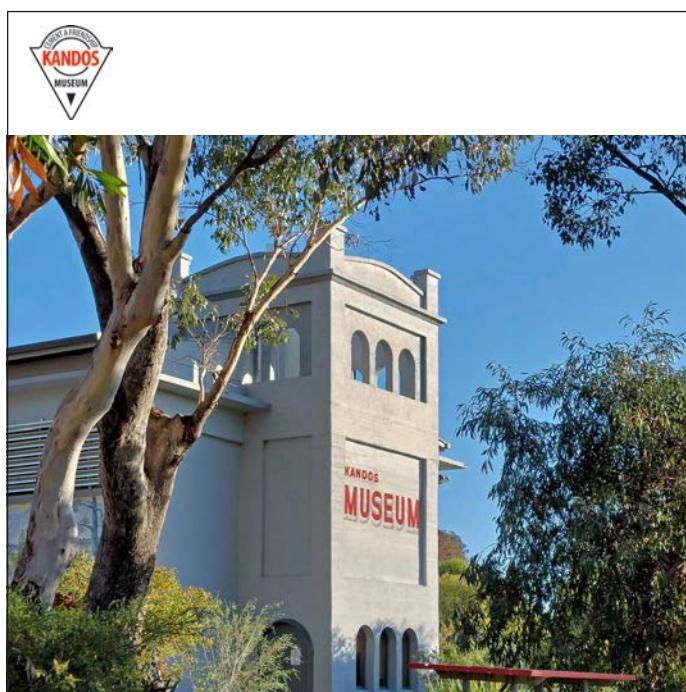

Planning a future visit? Lock in a visit to **SCULPTURES IN THE GARDEN**, held every October. As NSW's largest annual outdoor art exhibition, it's always a showstopper!

Fossicking Trail

Gulgong

WHAT YOU'LL FIND: A family experience

Step back into gold rush history at Red Hill and try your hand at panning. It's a great experience for families, especially with younger kids, and you can even take home a bag of gems as a shiny souvenir.

Hargraves

WHAT YOU'LL FIND: Gold

Head for the shallow riverbeds of Louisa Creek (next to the bridge), swirl your pan and get the detector going — and see what you uncover. Gold pans and basic equipment can be hired locally — ask at the general store when you arrive.

Windeyer

WHAT YOU'LL FIND: Gold

Long Creek and Meroo Creek are popular fossicking spots, with access points behind the local hotel and along the creek banks. Gold pans are available for hire from the tourist park — perfect if you're keen to try your luck without bringing your own gear.

Sofala

WHAT YOU'LL FIND: Gold

Follow the Turon River and imagine the rush of early prospectors. It's a great spot for panning or metal detecting. Hire gear locally or join a guided fossicking tour if you want to dig a little deeper.

Hill End

WHAT YOU'LL FIND: Gold & Gems

Fossicking is prohibited within the historic town boundaries, but nearby Tambaroora Creek is legendary. You'll need a fossicking licence here, but the reward could be a glint of gold or a sparkling gem. Equipment is available from local stores, and guided tours run regularly for those keen to learn from the experts.

PRO TIP: for maps, tips and up-to-date fossicking rules, visit the local visitor information centre or check the Guide to Fossicking in NSW on the NSW Resources website before heading out.

Forget the Coast

HERE'S WHY YOU SHOULD EMBRACE
THE BUSH THIS SUMMER

Aussie beaches are a dime a dozen, but do you know what's a truly unique summer holiday spot? The Mudgee Region. Whether it's cooling down in natural watering holes, sipping crisp Riesling, or learning the art of slowing down, one trip to the bush will make you forget all about the coast.

Want to skip crowded beaches, parking tickets, and high rises this summer? Here's what we have planned...

- › Cool off, country style — pack your swimmers, walking shoes and a picnic lunch, then head out to **The Drip** or **Ganguddy — Dunns Swamp** to roam, swim, kayak and climb. No hardcore hiking experience required!
- › If water skiing and fishing are your thing, stay a few days at **Cudgegong Waters Park**, Windamere Dam.
- › Forage for fresh produce — from cherry picking at **10's Estate Orchard** and **Roth Family Cherry Orchard** to farm walks at **The Zin House**, feel the smug satisfaction of harvesting your own produce — and tasting the delicious difference.
- › Find the waterfront views — with wineries like **Yeates Wine**, **Skimstone** and **Lowe Wines** boasting dam and lakeside vistas, this is how we're sunbaking this summer. Complete with chilled rosé, cheese platters, lawns and picnic blankets to laze on, this is the whole afternoon itinerary. Even better, no sand!
- › Explore new heights — because skyscrapers are so overrated. Take to the skies with **Balloon Aloft** hot air ballooning at sunrise, or climb to the top of **Castle Rock**.
- › Indulge your sweet tooth — whether it's a visit to **Spencer Cocoa**'s chocolate factory, the **Pebble Path** stall at **Mudgee Fine Food**'s markets, or picking up a freshly made cinnamon donut at **Old Wheels Grind**, the Mudgee Region loves a sweet treat.
- › Take to the stars — a big perk of leaving the coast is seeing the stars in all their unfiltered glory. And the night sky never looked better than it does out here. If you fancy getting up close and personal with the Milky Way, book a visit to the **Mudgee Observatory** and just look up.
- › See the world through another lens — looking to shake things up? Consider Mudgee's accommodation your own personal snow globe. Authentic farm stays like **Canguri**, hot tub under the stars at **Evamor Valley**, starlit glamping at **Bubbletent** — there's nowhere quite like the Mudgee Region to reset your perspective.

So wave goodbye to the coast and fall in love with the country this summer. The Mudgee Region awaits...

You've Earned It

OKAY, LET'S SLOW DOWN.

📍 Robert Stein Winery

You've spent your life hurrying to fit everything in, meeting every deadline, hitting every milestone. Between ever-filling baskets of washing, weekend sport that never seems to end (surely cricket doesn't *really* go for eight hours!?), minding grandkids, minding big kids (well, it feels like it sometimes), you haven't had a moment to just *be.*

Halfway through the drive to the

Mudgee Region, as the scenery opens to green fields and the traffic disappears, you realise: we don't need to do that any more.

Because this is officially your time. Time just for the two of you. No work to get back to, no mandatory check-list of kid-friendly sights to see and activities to race through, no children to entertain (they have kids of their own to entertain now — see how they like it!)

This Mudgee Region getaway is about indulging in quality experiences — whatever that looks like for you.

Let's start with accommodation.

So you want a classic country stay, right in the middle of town? **The Winning Post Motor Inn** is just about as close as you can get to the heart of Mudgee, without actually sleeping under the clock tower. With a pool on-site and a

cosy restaurant and bar, you can get **very** comfortable here. Cast your eyes outside— the shops and cafés of Mudgee are a short stroll in one direction, while the local tennis court is over the road in the other. Perfection.

If you're more of a "heritage charm meets contemporary chic" holiday maker? Book into one of the **Perry Street Hotel's** luxurious, stylish rooms. Located inside Mudgee's former Mechanics Institute, this

classic red brick building has been divided into apartments furnished with a Berlin influence. The heritage features still show through in the high-ceilinged hallways and broad balconies made for relaxation. Yes please.

For dinner, make your way (slowly!) to the **Oriental Hotel** — a country pub that sets its standards high. Dig into a rich, rare steak matched with a Mudgee red, or pair a local chardonnay with a chicken parmigiana. Whatever you order, it's going to be the best you've had — that's why "the Ori" is heavily frequented by the locals. Start chatting between tables and you'll soon be part of the neighbourhood...

The wineries are Mudgee Region's best-known drawcard, and one of the region's longest established vineyards is **Robert Stein Winery**. Fun fact: the Stein family were the first to successfully plant Riesling in Australia in 1838 (ooo, go Mudgee!) and Stein's crisp, dry, award-winning Riesling is still one of Mudgee's must-taste wines. Ditto for the Gewürztraminer — we can't get our mouth around the name, but the wine itself is a different story. Lush. Oh, and while you're there, check out the Motorcycle Museum for a range of classic bikes from the 1920s through to the 1970s.

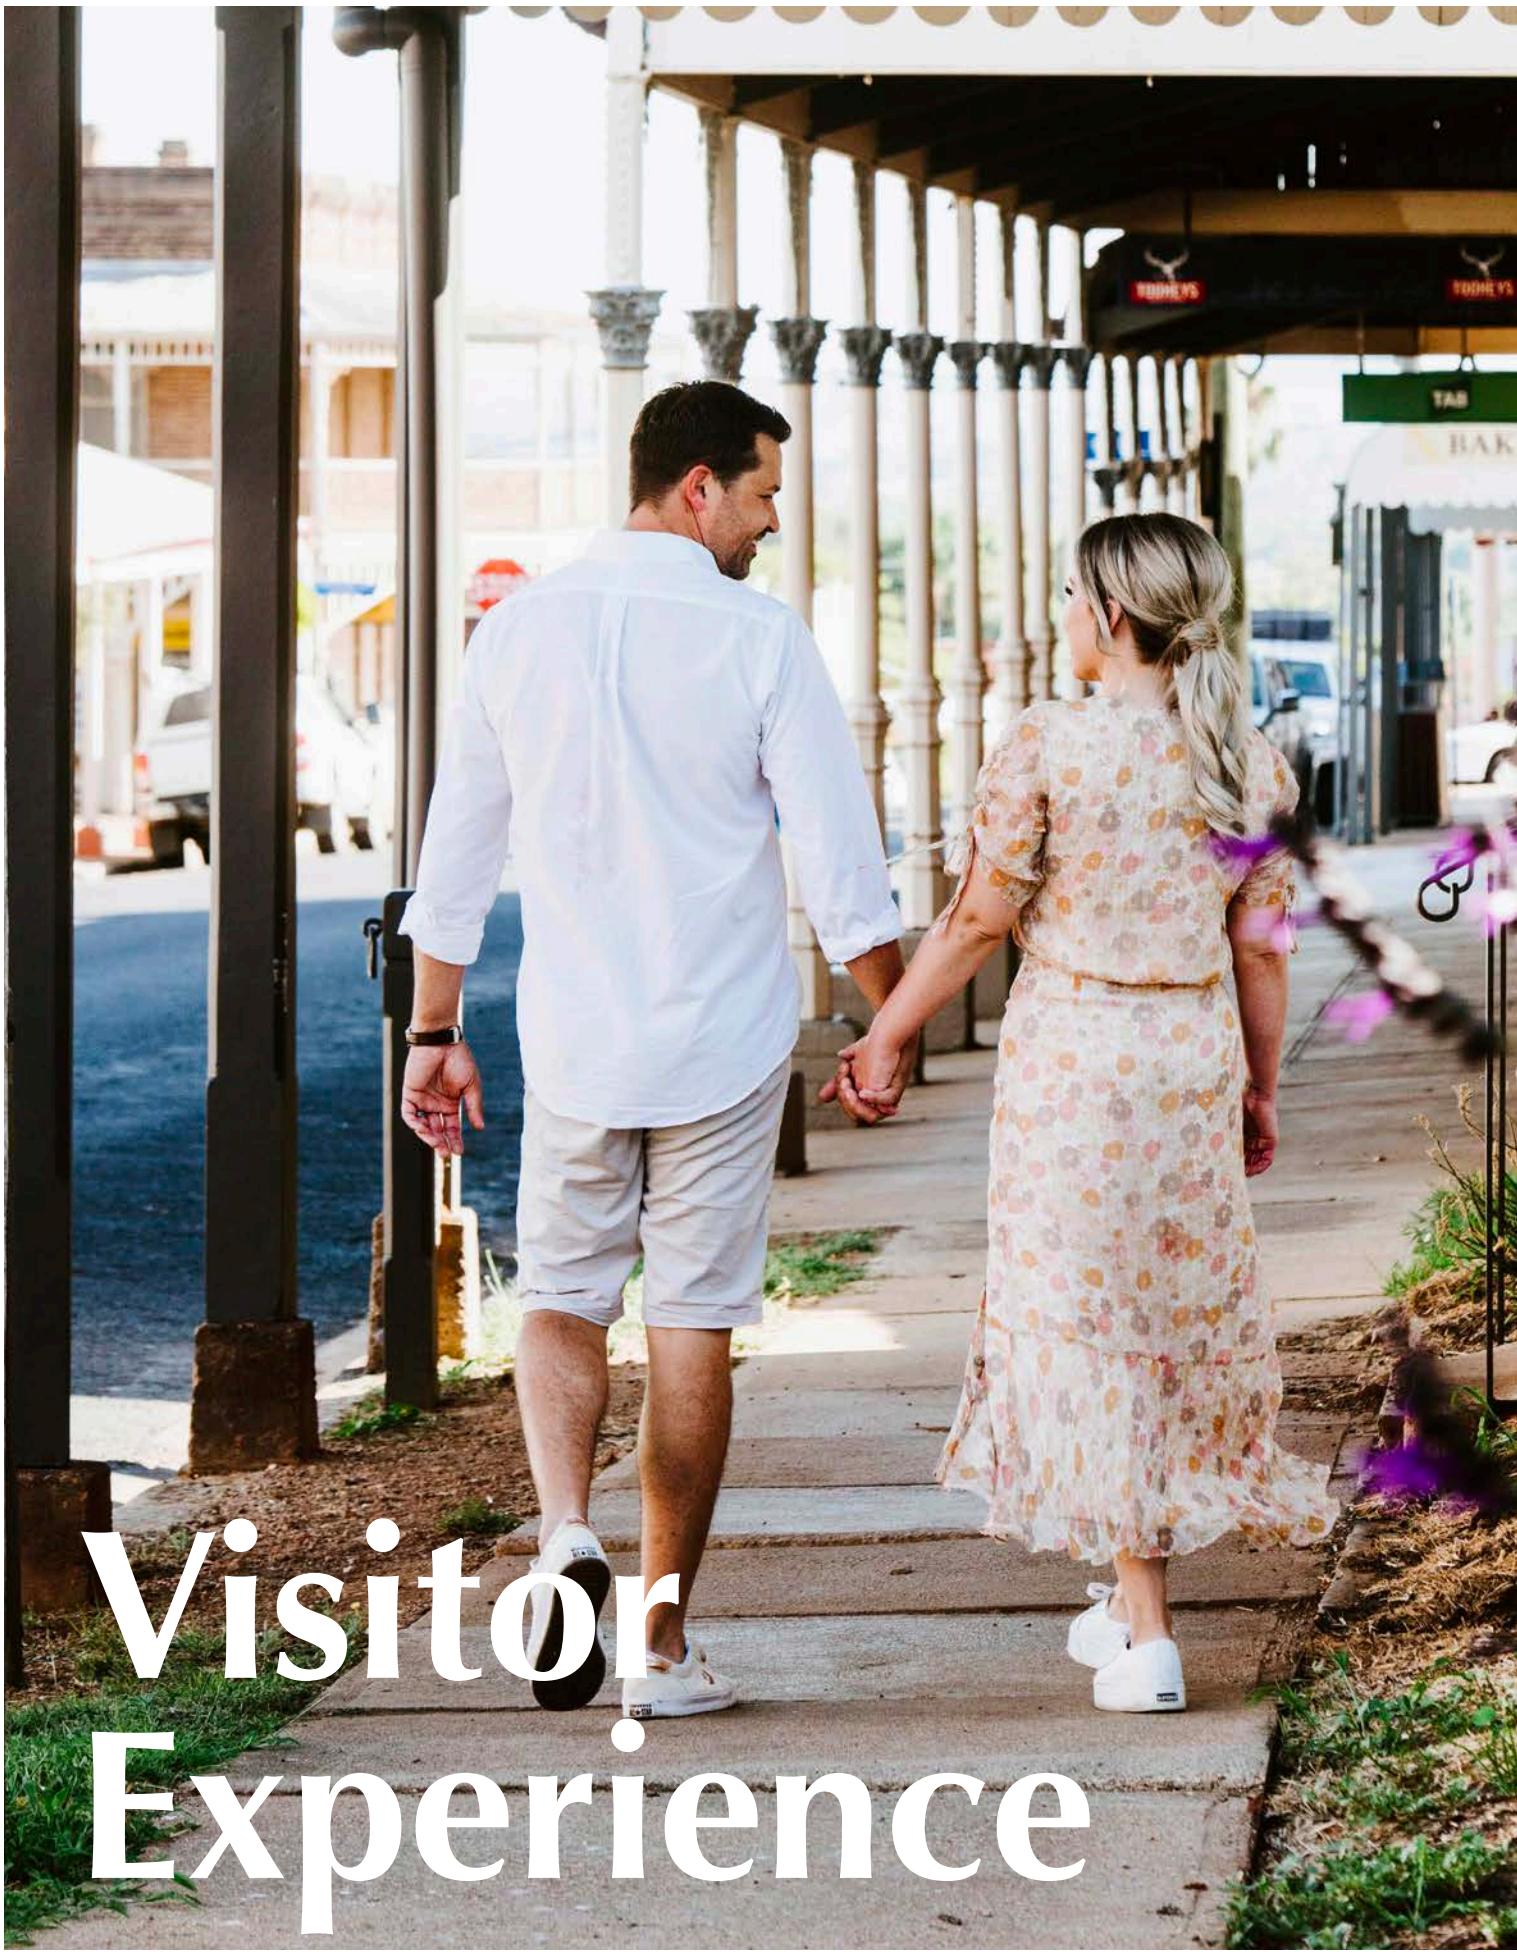

Next stop: the **Mudgee Arts Precinct** — a small art gallery with big exhibitions. And we mean **REALLY** big. The gallery is currently home to original works from big-

📍 The Oriental Hotel

name international artists like Andy Warhol and Roy Lichtenstein, on loan from the National Gallery of Australia. A bit of a coup for little ol' Mudgee. Its summer exhibition, featuring women artists taking inspiration from birds, is also stunning, quirky, and well worth a wander.

To pick up something Mudgee-made to take home, drop into **Mainly Mudgee Gifts** on the main street. Sue has the best of all things made in Mudgee — from chocolates and chilli, to soap and socks. Snap up a little piece of the Mudgee Region to carry with you until you come back again — which can't be too far off — didn't you check out the real estate listings while you were here? We'll see you very soon...

Visitor Experience

YOUR MUDGEES REGION TOOLBOX

Alright, we'll admit it – these pages might not be as pretty as the rest of the mag, but they'll get you where you need to go (and probably to a glass of something delicious even faster). Think of this as your Mudgee Region toolbox – maps, guides and handy details to make your time here a breeze.

Kick back with a drink and take a scroll through the winery matrix to find your next favourite drop (we've done the hard research so you don't have to). Check the maps to plot your food and wine trail, and if you've got a random question that's not answered here, chances are you'll find what you need in the directory. The businesses listed in this directory proudly support tourism in the Mudgee Region – so when you can, show them your support in return. Every visit,

purchase or kind word makes a difference in our small region.
